Subject: Uintah and Ouray Reservation FIP Questions

Hello Monica,

Thanks for your help with getting a meeting scheduled with Uinta Basin operators to discuss the forthcoming Uintah & Ouray Reservation FIP. As promised, here's a list of some questions we'd like to discuss with you.

Timing

- Will Uinta Basin operators be able to use the National FIP beginning October 3, 2016?
- Will Uinta Basin operators be able to use the National FIP until an official nonattainment designation is made?
- When does EPA anticipate finalizing its proposed FIP?
- When will the basin specific FIP be issued for comment?
- How long will the public comment period be?
- What is the anticipated implementation timeline?
- When will EPA embark upon rulemaking to provide streamlined permitting mechanism for post nonattainment designation?

Content

- What are the anticipated contents/requirements of the basin specific FIP?
- What are the anticipated cost/benefits of additional controls?
- How is EPA leveraging the 2014 Uinta Basin Emissions Inventory?

- Has EPA modeled what effect will the proposed controls have on Uinta Basin ozone levels?

I look forward to discussing these issues with you further. Please let me know if you have any additional questions.

Thank you,

Ryan
